Up above you will find the **tentative** show breakdown for Back to the 80's. We have decided to break the show up into 2 shows this year because last year we had over a 2 hour show with an audience oversold by 100 seats. We have tried our hardest to make sure we got all of the dancers in the same show. However, with that being said it is nearly impossible to make that happen. The majority of the younger dancers will be in the Saturday morning show to avoid a late night on Friday night. We will be offering a free ticket for parents who work the dress rehearsal and one show back stage. Volunteer sign-ups for this will be out soon.
